

South Apopka Community Report

Mission Critical Functions Surveys

Central Florida Florida Disaster Resilience Initiative

Phase 1 Stage 2

2019

These materials were developed by Health Initiatives Foundation, Inc. in 2019. Surveys were conducted under the auspices of Health Initiatives Foundation, Inc.'s Florida Disaster Resilience Initiative, with funding from The Miami Foundation.

Surveying Completed

Thirty one Mission Critical Functions Surveys and twenty nine Housing and Emergency Services Surveys were collected in South Apopka in the Census Block Groups indicated in Table 5. Residents of the Marsden Meadows public housing complex and the Taylor Apartments were among those surveyed. One respondent was homeless.

Table 1. Number of Respondents by Census Block Group

Census Block Group	Mission Critical Functions Survey	Housing & Emergency Services Surveys
120950175011	8	14
120950175043	1	1
120950176001	3	4
120950176002	15	8
120950176003	3	1
120950178021	1	1
TOTAL	31	29

Mission Critical Functions Surveys

Mission Critical Function Surveys are designed to determine if the community is tending toward resilience or vulnerability. Respondents rated twenty six societal functions on the following scale:

- Most Vulnerable-Collapse-Destroyed:1
- Extremely Vulnerable-Major Damage:2
- Elevated Vulnerability-Minor Damage:3
- Not Affected:4
- Resilient:5
- Highly Resilient:6
- Resilient and Sustainable:7

Map 1. Household Vulnerability Scores of Respondents in South Apopka

Note that the average Household Vulnerability Scores, indicated by point color, across the 26 domains was between 2 and 6 for South Apopka residents surveyed.

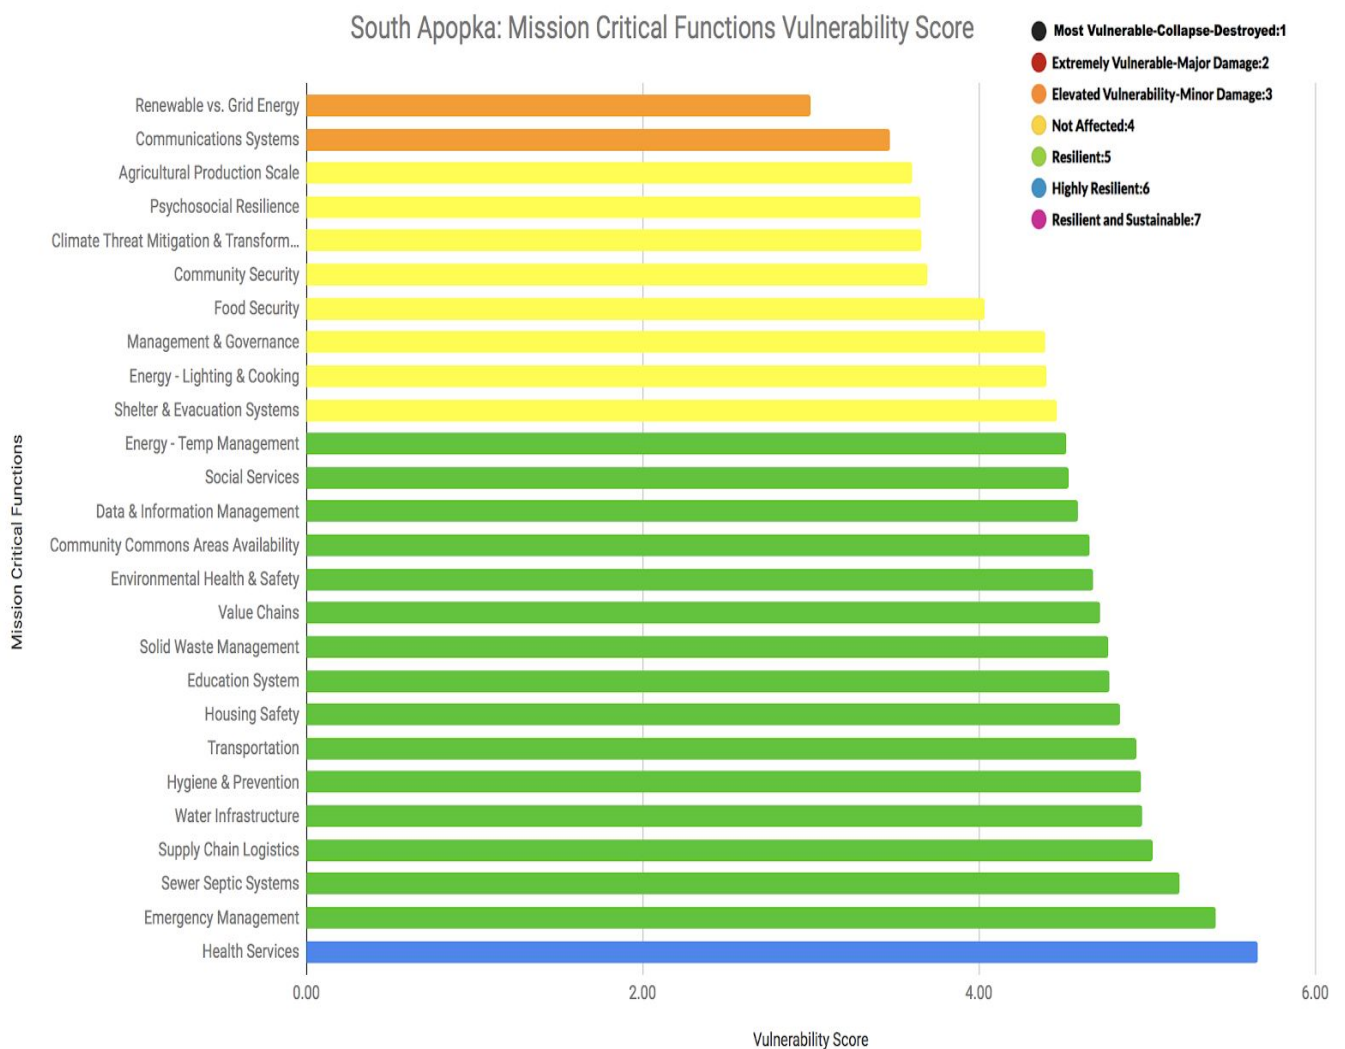

These materials were developed by Health Initiatives Foundation, Inc. in 2019. Surveys were conducted under the auspices of Health Initiatives Foundation, Inc.'s Florida Disaster Resilience Initiative, with funding from The Miami Foundation.

Average Mission Critical Function Ratings for Each Function

The categories with the lowest average rating were ranked “Elevated Vulnerability” because they rounded to the number 3. The two functions with “Elevated Vulnerability” average scores in South Apopka were “Renewable vs. Grid Energy” and “Communications Systems.” The function “Health Services” had the highest average score. It was ranked “Highly Resilient.”
